More than just survive, we want to see families THRIVE!

When enrolled in our Path to Home Program, families have access to everything they need to meet their basic needs, including shower and laundry facilities, at our day centers. At night, they stay with one of our church partners, where they are served meals and can stay together as a family. Since families don't have to worry about how to have their basic needs met, they can focus their energy on finding housing.

Our staff works with each family on a plan that addresses their unique challenges and helps them find stable housing quickly. We also connect families with as many community resources as possible to improve their chances of long term success.
